

SALINA MUNICIPAL G.C. DISABLED GOLFERS HANDICAP FLAG POLICY

Handicap Cart Access signifies that the driver or passenger of said cart has a disability that makes walking to their ball a hardship.

To qualify for Handicap Cart Access, the individual(s) must possess a state approved permanent or temporary disabled parking placard or license plate registered in the golfers name. All golfers must provide the proper documentation and identification to the Professional Shop to register for a Handicap Flag.

Salina Municipal Golf Course members requesting Handicap Cart Access must re-register when renewing their membership annually.

All non-members/public golfers requesting Handicap Cart Access must pre-register in advance of their round.

The Handicap Flag Registration Form will be available for download on the website.

The following procedures must be followed when using Handicap Cart Access:

- Handicap Cart Access applies only to the registered individual(s) with the disability.
- An able-bodied golfer riding with a registered disabled golfer may not take advantage of the Handicap Cart Access policy and must walk to his or her ball when and where appropriate.
- If more than one registered disabled person is in a group, they must ride together.
- 90 degree cart rules apply in path to an individual's ball.
- Golf Carts may park no closer than **20 feet** of a green or tee box. **Driving carts on slopes or the surroundings of greens or tee boxes is prohibited.** Carts shall park on level ground.
- Handicap Flag Carts are prohibited from driving through the following areas: Driving Range, and all Natural Areas.
- When conditions warrant and the course has been designated *Cart Path Only*, golfers with Handicap Cart Access are permitted to drive on fairways as needed. 90 degree cart rules will apply and the cart path should be used to proceed when not approaching or playing a ball.
- Areas designated as "No Carts Allowed" does not restrict the use of carts for individuals with a Handicap Flag.

Please download, print and complete this form to pre-register with the Professional Shop.
